

Department Description

The Park & Recreation Department provides a multitude of facilities and services for neighborhoods and plays a key role in the quality of life for the community. The Department manages three major service areas that contribute to various Mayor and City Council priorities: Parks and Open Space, Recreational Facilities, and Recreational Programs.

Parks and Open Space

There are over 39,000 acres of parks, open space, and aquatic areas available throughout the City. The Department provides a wide variety of opportunities for San Diegans to renew mind, body, and spirit in healthy outdoor settings. Landscaped and natural environments provide valuable opportunities for individuals, families, and groups to enjoy passive and active leisure. Joint-use agreements with schools maximize park use and provide active, programmable sports turf in park-deficient neighborhoods. Open space areas conserve and protect sensitive habitat and cultural history, and provide educational opportunities. There are 48 Maintenance Assessment Districts located throughout the City that provide property owners the opportunity to assess an annual fee in order to pay for landscape enhancements and other improvements, maintenance services, and activities beyond those generally provided by the City.

Recreational Facilities

The Department operates and maintains a large number of recreational facilities. These facilities include recreation centers, playgrounds, senior centers, teen centers, athletic fields, tennis courts, swimming pools, campgrounds, nature and visitor centers, gymnasiums, meeting rooms, weight rooms, historic sites, amphitheaters, skate parks, boat launches, docks, a lake, fishing piers, dog off-leash areas, and more. These facilities bring people with diverse backgrounds together to enjoy special events, relax, and strengthen neighborhood bonds. The Department also operates several golf complexes and the Mount Hope Cemetery which provides low-cost burial services.

Recreational Programs

Recreational programs, team sports, and activities help build self-esteem, confidence, social harmony, independent thinking, and self-discipline while improving overall health and promoting conflict resolution skills for youths and adults. Programs offered throughout the City include ceramics, learn-to-swim, karate, gymnastics, dance, soccer, basketball, water polo, bird watching, nature walks, golf, day camps, softball, track, archery, holiday parties, cultural events, outdoor movies, senior trips, tiny tot classes, and much more.

The Department's mission is:

To acquire, develop, operate, and maintain a park and recreation system that enriches the quality of life for residents and visitors alike, and preserves it for future generations

Goals and Objectives

The following goals and objectives represent the action plan for the Department.

Goal 1: Instill community pride and ownership

It is in the community where the Department must focus a majority of its attention. Ensuring that the community is satisfied with the services it provides is paramount. The Department must improve avenues for community input and feedback in order to produce the most effective and valuable services. The Department will move toward accomplishing this goal by focusing on the following objectives.

- Provide inviting facilities and faces for the community
- Increase and diversify community involvement
- Improve public awareness of park successes, programs, and activities
- Increase volunteerism of children, youths, and young adults in the park system

Goal 2: Invest in environmentally-sensitive programs and practices

It is the Department's duty to ensure that future San Diegans enjoy the rich environment we enjoy today. As a result, the Department strives to take part in environmentally-sensitive practices that promote protection and preservation. The Department will move toward accomplishing this goal by focusing on the following objectives.

- Expand environmentally-sensitive management and maintenance practices
- Protect public lands and utilize best management practices for environmental preservation

Goal 3: Maintain public safety and quality park maintenance

Safety and cleanliness are the two most important and transparent issues that the community has when visiting parks. It is the Department's goal to maintain City park conditions through scheduled maintenance and responsive repairs, and create the safest environment for park-goers. The Department will continue to meet this goal by focusing on the following objectives.

- Maintain grounds in good condition
- Maintain facilities in good repair (maintenance and management)
- Work to ensure that the public is safe in parks and surrounding areas

Goal 4: Provide high quality services

In order to keep pace with the demands of the ever-changing community, the Department is committed to enhancing the quality of the services it provides. The Department will move toward accomplishing this goal by focusing on the following objectives.

- Create a culture of high-quality customer service
- Expand the use of service-enhancing technologies

Goal 5: Deliver innovative, responsive programs

With the changing environment and conditions in our diverse City, it is important for the Department to be responsive to the community's needs. Developing community partnerships and a more intimate relationship with the community will assist the Department in becoming more responsive and effective. The Department will move toward accomplishing this goal by focusing on the following objectives.

- Develop recreation programs that are responsive to community needs
- Improve relationships with community service organizations

Goal 6: Develop and retain committed, valued employees

Part of achieving excellence in any organization is the development of its employees. As the Department strives for a more efficient and effective organization, it must focus on developing its workforce. The Department will move toward accomplishing this goal by focusing on the following objectives.

Improve recruiting

Expand training opportunities for employees

Service Efforts and Accomplishments

Therapeutic Recreation Services provided a variety of programs in 2008 such as adaptive sports, fitness, tournaments, specialized day camps, inclusion activities, referrals, and outreach services to more than 50,000 participants.

The Department partnered with the San Diego Unified School District (SDUSD) to offer the Summer Lunch Program at 17 recreation centers throughout the City. The program served 35,000 lunches and 29,000 snacks to children ages 2-18 years, living in low-income communities.

Balboa Park's West Mesa Canyon Enhancement projects substantially decreased the amount of illegal activity in the west side of Balboa Park. Vegetation was removed to increase visibility, decrease illegal activity, and improve the condition of horticultural specimens. The addition of a formal trail system which is identified by maps and trail markers has also contributed to increased amounts of positive recreational use. As a result of these projects, the west side of Balboa Park (including the Bridle Trail and the Juniper Canyon Trail) has seen a significant increase in hikers, joggers, and bikers in an area that had previously been underused and overlooked.

Mission Bay Park completed several maintenance projects. A two-year tree trimming project which included 1,400 Washingtonia Robusta palms was completed. Sprinkler heads to 72 irrigation stations at the Fiesta Island Campground were upgraded to interface with the Calsense Computerized Irrigation Program. In addition, weed control Best Management Practices (BMPs) were implemented where 1,600 yards of Deco Mulch were applied and over 1,700 parking spaces were re-striped in nine parking lots.

For the fifteenth year, the Beach Maintenance Waste Stream Diversion Program continued to separate reusable materials, recyclable greens, and metals from the debris and illegally-dumped materials found in Mission Bay Park and Shoreline Parks. Eighty combination trash receptacle and recycling units were received through a grant from the Environmental Services Department. Of those containers, 50 were installed in Mission Beach Park and 30 were installed in Pacific Beach and South Mission Beach Parks. The combination containers have significantly increased the amount of recycled material retrieved along the beach and boardwalk.

The Department received approval on three Federal Emergency Management Agency (FEMA) grants to partially fund the Open Space Division's Brush Management Program. Overall, funding was increased to allow the Department to increase brush thinning on park property near structures (100 feet) by approximately 300 percent. As of June 30, 2009, staff has thinned 297 acres of brush.

Golf Operations hosted several major events including the Junior World Golf Championship, the Men's and Women's City Amateur Golf Championship, and the highly-publicized Buick Invitational PGA Tour Event. In June 2008, the Torrey Pines Golf Course hosted the U.S. Open Golf Tournament. This is the first time in the history of the event that a municipal golf course hosted an event of this magnitude.

Por Fiscal Year 2010, the Department's goal is to develop the assessment tool.

Data collection for this performance measure began in Fiscal Year 2008, but later counts in Fiscal Year 2009 revealed that the number of existing agreements should have been '108' for Fiscal Year 2008 and not '44' as

⁷ Vacancies and other critical projects will delay the development of a market assessment tool until Fiscal Year 2010.

⁸ For Fiscal Year 2010, the Department's goal is to develop the assessment tool.
